

# BELLAGIO PRIMO *Como Lake*

## **TIMELESS LUXURY.**

The Special Edition celebrates Bellagio's quintessential Italian heritage, with meticulous attention to materials that elevate the baby's comfort, seamlessly blending functionality with thoughtful care.

# COMO LAKE

0m+

“Como Lake” targets baby wellness, by combining smooth, long-lasting comfort, breathable and thermoregulating fibers, such as TENCEL™ Lyocell, Bamboo and Merino Wool.

The color tone chosen is Greige, a combination of beige and grey. It's the perfect neutral that brings out the best properties of each of the two tones: the beige tone brings warmth and softness, while the cool grey shade adds elegance and sophistication.

TENCEL™ Lyocell is derived from natural raw material wood, this fiber supports a natural dry feeling through moisture control. (TENCEL™ is a trademark of Lenzing AG).

Merino Wool is one of the finest wool types. It's moisture and temperature regulating. It keeps the baby cool in summer and warm in winter.

Bamboo is more breathable than ever, thanks to a 3D mesh design! It ensure comfort and air flow for the utmost well-being.

Every functional element of the fabric is enriched by luxurious accents, turning practical design into an expression of style, sophistication, and timeless beauty. Metal elements are in a pearlescent finishing, and color matching details. Every detail has been conceived to embody iconic style.

# BELLAGIO PRIMO

CODE 087240

Effortless functionality and refined comfort come together in perfect harmony. The OneTouch folding system ensures unmatched practicality; while thermoregulating fabrics offer a sense of well-being that defines modern luxury.

The Bellagio Primo seat offers dual functionality. Its soft cushion, crafted from a unique blend of Merino wool and TENCEL™ Lyocell, gently embraces even the most sensitive skin, offering exceptional thermoregulation and comfort. Alternatively, the seat can be used with the mesh backrest only, providing maximum airflow on the warmest summer days, always keeping the baby comfortable.

- Handle, bumper bar, and leg rest feature a unique silicone-coated material that enhances tactile comfort and allows for quick, easy cleaning.
- All-terrain and high performing rubber wheels with colored tread, perfectly aligned with the stroller's design language to convey harmony and understated sophistication.
- Inspired by architecture, the precious 'greige' fabric embodies refined strength – a perfect balance of resilience, sophistication, and timeless style. Elegant details and logos enhance its unmistakably premium character.

# FLEXI CARRYCOT

CODE 087137

0m+

Flexi carrycot Como Lake has been crafted with baby's comfort at heart. Every detail is designed to embrace little ones in a cocoon of softness, with natural, thermoregulating fabrics that gently cradle and breathe: a tender nest where calm and comfort come naturally.

## DOUBLE SIDE MATTRESS

All internal materials are made from natural fibers, soft and ideal for a baby's delicate skin. The mattress, designed with a double-sided usage, offers breathable 3D bamboo mesh on one side and smooth TENCEL™ Lyocell on the other: a thoughtful embrace that ensures gentle comfort through every season.

### AIR CIRCULATION

The baby will enjoy optimal airflow in every situation. Large and independently openable windows on the sides and at the head provide perfect ventilation, creating an ideal environment within the carrycot to always ensure the little one's comfort and well-being.

### BEST PROTECTION

Extensible canopy with UV50+ and WR treatments. It also includes a special privacy canopy, with UV50+ feature as well, to guarantee an extra protection from mosquitos and sun rays.

UV50+

### LIGHT AND COMPACT

Not only designed for baby's comfort, but also for everyday practicality. Thanks to the memory buttons, the carrycot can be attached to and removed from the frame with just one hand. When needed, it folds down effortlessly, taking up minimal space.

# FIRST-SEAT RECLINE

CODE 087100

**First-Seat Recline i-Size (ECER129 40–87 cm)** is born to welcome newborns with exceptional care, even beyond everyday journeys. Its Easy Flat-Recline System gently eases little ones into a naturally relaxed position, making outdoor adventures just as cozy as time spent at home. A soft, reassuring nest where comfort simply follows.

## REDUCER

The Energy-Absorber Reducer in soft 3D bamboo mesh gently embraces newborns from their very first trips, offering a flat, comfy position while allowing the head to move freely. As babies grow, the Easy-Extend Headrest System adjusts smoothly with one hand, keeping head and harness aligned up to 87 cm, always with the same breathable 3D bamboo mesh comfort.

## EASY FLAT-RECLINE SYSTEM

The Easy Flat-Recline System lets you gently adjust the recline with one hand, whether you are in the car, on a stroller, at home or even on a plane. The fully relaxed position allows newborns to lie almost flat, offering a cozy, peaceful place to rest wherever the journey leads.

## FLEX INSTALLATION

When paired with the Full 360 i-Size base (sold separately), the seat gently turns toward you, making it effortless to place your baby inside. Its intuitive design naturally keeps little ones rear-facing, so every journey begins in the safest way.

## COMFORT AND PROTECTION

The full optional canopy provides UV50+ sun protection and repels rain, making every adventure feel easy. Its elegant greige fabric, influenced by contemporary design, blends durability with understated style. The canopy moves independently and can be extended with a zip for added privacy and shade, while a subtle peekaboo window keeps air circulating and lets you stay close to your little one.
